Shale Creek Golf Club

Golf Packages or Just Golf – Book through Pine Lakes – 877-534-6789

The course is built on beautiful rolling land with many small streams that wind through the property and cascade into the Rocky River. Several distinct natural areas help create a beautiful and uniquely different golf experience.

Holes one through eight occupy an open area of natural rolling terrain and small streams. The Rocky River is in play on holes 10 through 15. The finishing holes are on a more traditional Ohio terrain, wooded and rolling, with lakes and streams to navigate.

All 18 holes blend naturally into their environment and are fun and interesting to play. Golfers will enjoy amenities such as a full practice facility and a clubhouse.
