Youngstown Country Club

Youngstown, Ohio (Liberty Twp.)

Designed by Walter Travis in 1898

Redesigned by Donald Ross in 1924

The Youngstown Country Club features one of Northern Ohio's finest golf venues.

The character of the golf course is defined by gently rolling hills, a meandering creek that comes into play on numerous occasions, and tree-lined fairways. Subtle breaking greens present another challenge for both the high and low handicap player. The course plays from 7 tee positions ranging from 4017 to 6663 yds.

The Youngstown Country Club was home to the Western Open, Women's Ohio Amateur and Women's US Open Qualifier.
